

JCAMD Special Issues

Journal of Computer-aided Molecular Design

Terry Stouch
Senior Editor-in-Chief
tstouch@gmail.com

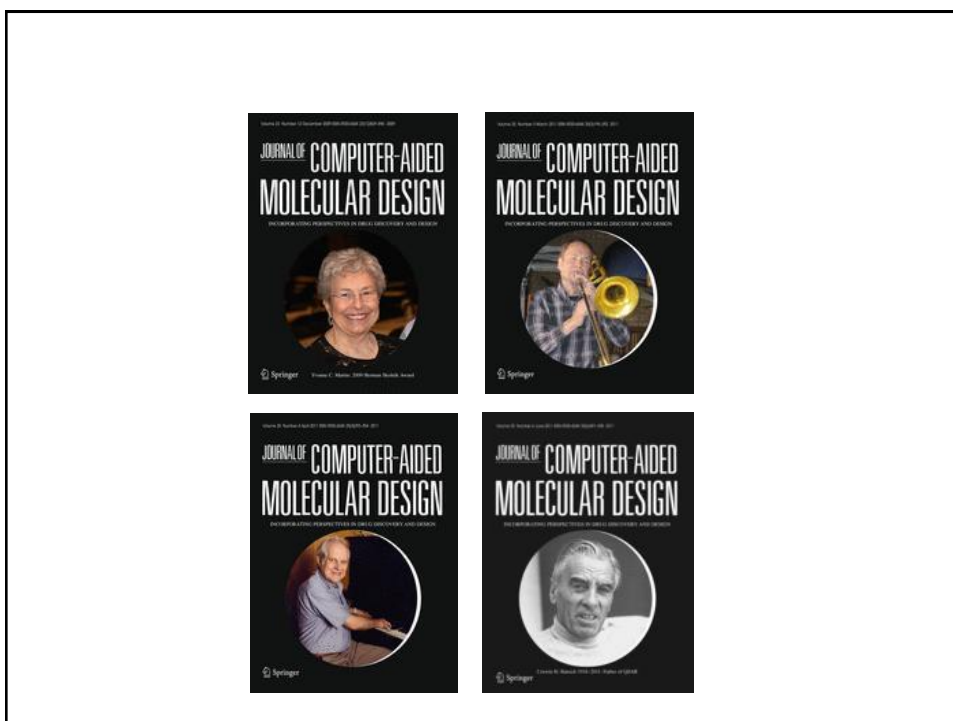

Federico Gago, University of Acala
Editor-in-Chief

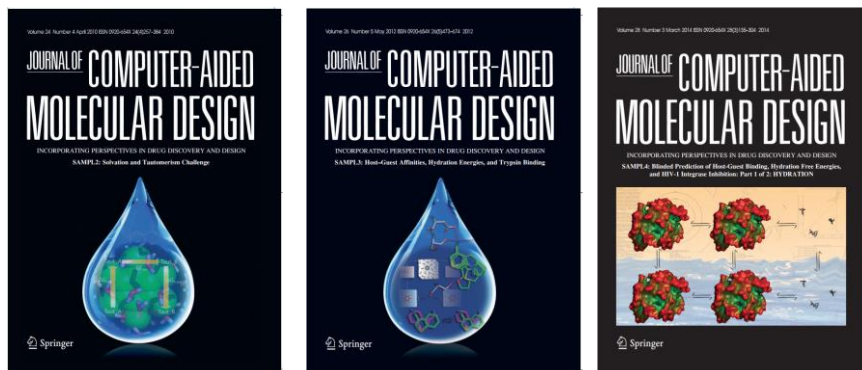

Richard Lewis, Novartis, Basel
Editor-in-Chief

Drug Discovery Data Resource Workshop 2016 March 9-11

JCAMD Special Issues

- ~20 different special issues since 2003
 - SAMPL2, 3, 4
 - Docking challenges
 - Current topics
 - Special interest
 - Others

JOURNAL OF COMPUTER-AIDED MOLECULAR DESIGN

Incorporating Perspectives in Drug Discovery and Design

CONTENTS Volume 28 No. 3 March 2014

Special Issue: SAMPL4: Blinded Prediction of Host-Guest Binding, Hydration Free Energies, and HIV-1 Integrase Inhibition: Part 1 of 2: HYDRATION
Guest Editor: David L. Mobley

Procedure

Just like submitting any other paper, for the most part
 Subject to whatever guidelines D3R and participants put in place

1. If not already, **register** with JCAMD at:
<http://www.editorialmanager.com/jcam>
2. **Submit** on time!
3. During submission select the issue's assigned **article type** eg:
 ~D3R2016 or ~SAMPL5
4. Guest editor processes the submissions ASAP
 1. Reviewers chosen from participants (for the most part)
5. **Review** a fellow D3R participant's paper (promptly please)
 1. Fellow participants are most familiar with the topic and have vested interest in moving the paper quickly

Guest Editors

- Grand Challenge: Pat Walters (primary), Vicki Feher
- SAMPL5: David Mobley (primary), Mike Gilson

(Drop) Deadlines

- Grand Challenge: June 1, 2016
- SAMPL5: June 20, 2016

Publication

- DOI assigned upon acceptance, regardless of status of other papers
- Published on-line as soon as the final proofs are processed

Exposure

- The title of the issue title will be published in all table-of-contents for additional exposure
- Hardcopies distributed at select meetings (100+ extra printed) and/or provided to D3R
- Unique cover image

Volume 29 January 2015 - December 2015
December 2015, Issue 12, Pages 1073-1167 Including an Article of the Special Series: Statistics in Molecular Modeling
November 2015, Issue 11, Pages 1007-1072
October 2015, Issue 10, Pages 923-1006 Including an Article of the Special Series: Statistics in Molecular Modeling
September 2015, Issue 9, Pages 777-921 Special Issue on Data Part 2: Experimental Data
August 2015, Issue 8, Pages 681-776
July 2015, Issue 7, Pages 583-680 Including an Article of the Special Series: Statistics in Molecular Modeling
June 2015, Issue 6, Pages 485-581
May 2015, Issue 5, Pages 387-483 Including an Article of the Special Series: Statistics in Molecular Modeling

Timeliness

- The issue will be published on time
 - Let's publish when the work is fresh!
 - Stragglers will be published in subsequent issues
- Incentives
- Cover image selected from best graphics of the earliest submitters
 - Paper order may be biased by order of submission
 - Author of last submission buys everyone a beer ;-) !
- BTW
- No penalty for submitting early!

Looking forward to some great issues
